

June 25th 1911

We the residents of Elbow Park and being adherents to The Church of England, hereby petition The Right Rev. Cyprian Pinkham D. D. Lord Bishop of Calgary that a Church may be erected in Elbow Park at the earliest possible moment.

We furthermore promise to support such Church to the best of our ability; also in view of the fact of the distance from any existing Church it must be recognized how urgent the need is, especially when one takes into consideration the number of houses at present erected and being erected in the said Elbow Park. The removal of St. Stephens will in no way benefit us as there will be the huge hill intervening.

Thanking your Lordship in anticipation, we beg to remain your obedient servants:
